

**The 4 Biggest Problems You'll Have With Your Tractor
Next Spring....And How German-Bliss Equipment Can
Eliminate Them All!**

1. Fighting The Dealer's Busy Spring Service Schedule
2. The Fuel in the Engine has Gone Bad and it Won't Start
3. The Mower Just Won't Cut Properly and You Don't Know Why
4. The Belts are Shot and will Break the First Time You Use It

Now is the best time to make sure your equipment is ready for Spring. Take advantage of our "Get It Ready" service special and schedule your service by **December 31, 2009** and we will also provide **Pickup and Delivery for FREE!** Let our trained staff of service technicians meticulously inspect, maintain, and repair your tractor so that when your neighbors are kicking the wheels on their tractor next mowing season, you can simply cruise on by and smile.

While we are there, we can also pickup any other small engine units.
